## Independent Auditors' Report

The Board of Directors  
Lighthouse Central Florida, Inc.:

We have audited the accompanying statements of financial position of Lighthouse Central Florida, Inc. (a nonprofit organization) as of September 30, 2010 and 2009, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of Lighthouse Central Florida, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lighthouse Central Florida, Inc. as of September 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2010 on our consideration of Lighthouse Central Florida, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of Lighthouse Central Florida, Inc. taken as a whole. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget, Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Section 215.97 of the Florida Statutes of the Florida Single Audit Act, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

September 30, 2010 and 2009

(1) **Organization and Summary of Significant Accounting Policies**

(a) **Organization**

Lighthouse Central Florida, Inc. (the Organization) was organized in Florida in 1983 as a nonprofit organization. The corporation is organized exclusively for charitable purposes to further the interest of visually impaired and multi-impaired persons by supporting a community program for visually impaired and multi-impaired persons. Lighthouse Central Florida, Inc., can solicit, receive; hold and disperse gifts, bequests, and other funds from individuals, trust, corporations, foundations, or other organizations for the purpose of Lighthouse Central Florida, Inc.; conduct fund raising campaigns; and raise money and gifts.

(b) **Basis of Presentation**

Lighthouse Central Florida, Inc.'s resources are classified and reported based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

- ◆ Unrestricted net assets---Net assets that are not subject to donor-imposed stipulations.
- ◆ Temporarily restricted net assets---Cash and other assets if they are received with donor stipulations that limit their use. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose of restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets (as defined above) and reported in the statement of activities as "Net assets released from restrictions". If a restriction is fulfilled in the same time period in which the support is received, Lighthouse Central Florida, Inc. reports the support as unrestricted. There were no temporarily restricted net assets as of September 30, 2010 and 2009.
- ◆ Permanently restricted net assets---Net assets subject to donor-imposed stipulations that will be maintained permanently by the Organization. There were no permanently restricted net assets at September 30, 2010 and 2009.

Notes to Financial Statements

September 30, 2010 and 2009

(1) **Organization and Summary of Significant Accounting Policies - Continued**

(c) **Revenue and Expense Recognition**

Lighthouse Central Florida, Inc. recognizes public support, revenue, and expenses on the accrual basis. Support and revenues from grants and contracts are generally recognized as eligible costs are incurred and/or required services are performed. Functional expenses are allocated between programs on the basis of specific identification, where possible, or management's best estimates.

(d) **Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions.

(e) **Unconditional Promises to Give**

Unconditional promises to give are recognized as revenues in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Promises to give are recorded at net realizable value if expected to be collected within one year and at fair value if expected to be collected in more than one year. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Management considers all of the funding to be unconditional and collectible within the coming year; therefore, no allowance for uncollectible amounts is necessary at September 30, 2010 and 2009.

(f) **Cash and Cash Equivalents**

For purposes of the statements of cash flows, Lighthouse Central Florida, Inc. considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

(g) **Investments**

Investments are stated at fair value which is determined based on quoted market prices.

September 30, 2010 and 2009

(1) **Organization and Summary of Significant Accounting Policies - Continued**

(h) **Land and, Building and Equipment**

Land, buildings and equipment are capitalized at cost when purchased or at estimated fair value at the date of gift if donated. Assets are capitalized when the purchase price exceeds \$500 and the estimated useful life is more than one year. Depreciation is provided on a straight-line basis over the following estimated useful lives of the assets:

Furniture and equipment	3 – 7 years
Vans	5 years
Land improvements	15 years
Building and building improvements	39 years

(i) **Income Taxes**

Lighthouse Central Florida, Inc. received their notice of qualifications from the Internal Revenue Service dated November 1984 as an organization exempt from income taxes under Internal Revenue Code section 501(c)(3), and is not considered a private foundation. Accordingly, no provision or benefit for income taxes has been reflected in the accompanying financial statements.

(j) **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(k) **Concentration of Credit Risk**

Financial instruments that potentially subject the Organization to concentrations of credit risk are primarily cash and accounts receivable. The Organization's cash deposits are placed in highly rated financial institutions which at times may exceed the Federal Deposit Insurance Corporation (FDIC) coverage. The Organization has not experienced any losses in its cash accounts and does not believe it is exposed to any significant credit risks related to uninsured amounts.

(1) **Organization and Summary of Significant Accounting Policies - Continued**

(k) **Concentration of Credit Risk - Continued**

The Organization grants credit primarily to governmental agencies and pass-through entities. The Organization has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risks on these accounts.

(l) **Functional Allocation of Expenses**

The cost of providing the various programs and other activities has been summarized on a functional basis in the statements of activities and in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited on an analysis of personnel time, space utilized, and utilities consumed for the related activities.

(m) **Donated Materials and Services**

Lighthouse Central Florida, Inc. records the value of donated goods or services when there is an objective basis available to measure their value. Donated materials, equipment and services are reflected as contributions in the accompanying financial statements at their estimated fair values at the date of receipt. No amount has been reflected in the financial statements for volunteer hours, as no objective basis is available to measure the value of such services. Nevertheless, a substantial number of volunteers donated significant amounts of their time in Lighthouse Central Florida, Inc.'s program services.

(n) **Subsequent Events**

In preparing these financial statements, the Organization has evaluated subsequent events and transactions for potential recognition and disclosure through December 6, 2010, which is the date the financial statements were available to be issued. All subsequent events requiring recognition as of December 6, 2010 have been incorporated into these financial statements.

LIGHTHOUSE CENTRAL FLORIDA, INC.

**Notes to Financial Statements**

September 30, 2010 and 2009

**(2) Investments**

The Organization follows the accounting standards for fair value measurement, which defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements of assets and liabilities, as well as for any other assets and liabilities that are carried at fair value on a recurring basis. The adoption of these provisions did not impact the Organization's financial position or results of operations.

Fair value is defined under "Fair Value Measurements and Disclosures," FASB Accounting Standards Codification Topic 820 (Topic 820) as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. Topic 820 also establishes a three-level hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels of inputs to the valuation methodology are:

Level 1: quoted prices in active markets for identical assets or liabilities

Level 2: quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3: inputs that are unobservable (for example, cash flow modeling based on assumptions)

The Organization did not change its valuation techniques during the year and continues to use Level 1 inputs to measure the fair value of its investments.

The following table summarizes the valuation of the Organization's financial assets measured at fair value on a recurring basis as of September 30, 2010, based on the level of input utilized to measure fair value. All investments at September 30, 2010 have been valued using input level 1.

**SUPPLEMENTARY INFORMATION**

**Independent Auditors' Report on Internal Control Over Financial  
Reporting and on Compliance and Other Matters Based on an Audit of Financial  
Statements Performed in Accordance with Government Auditing Standards**

To the Board of Directors  
Lighthouse Central Florida, Inc.

We have audited the financial statements of Lighthouse Central Florida, Inc. as of and for the year ended September 30, 2010, and have issued our report thereon dated December 6, 2010. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

**Internal Control over Financial Reporting**

In planning and performing our audit, we considered Lighthouse Central Florida, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lighthouse of Central Florida, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Lighthouse Central Florida Inc.'s internal control over financial reporting.

A deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lighthouse Central Florida, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, Board of Directors, management, others within the organization, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditors' Report on Compliance with Requirements Applicable to  
Each Major Program and State Project and on Internal Control Over Compliance  
in Accordance with OMB Circular A-133 and the Florida Single Audit Act**

To the Board of Directors  
Lighthouse Central Florida, Inc.

**Compliance**

We have audited the compliance of Lighthouse Central Florida, Inc., with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and in the State of Florida *State Projects Compliance Supplement* that are applicable to each of its major federal programs and state projects for the year ended September 30, 2010. Lighthouse Central Florida, Inc.'s major federal programs and state projects are identified in the summary of the auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs and state projects is the responsibility of Lighthouse Central Florida, Inc.'s management. Our responsibility is to express an opinion on compliance based on our audits.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Section 215.97 of the Florida Statutes of the Florida Single Audit Act. Those standards, OMB Circular A-133 and the Florida Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about Lighthouse Central Florida, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinion. Our audits do not provide a legal determination on Lighthouse Central Florida, Inc.'s compliance with those requirements.

In our opinion, Lighthouse Central Florida, Inc. complied, in all material respects, with the requirements referred to above that are applicable to its major federal program and state project for the year ended September 30, 2010.

### **Internal Control Over Compliance**

The Management of Lighthouse Central Florida, Inc. is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audits, we considered Lighthouse Central Florida, Inc.'s internal control over compliance with requirements that could have a direct material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lighthouse Central Florida, Inc.'s internal control over compliance.

A deficiency in an organization's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility, that a material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the organization's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, Board of Directors, management, others within the organization, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
